

# RR SANITISATION KIT.

## Technology

**OASIS' RR SANITISATION KIT**  
is the sustainable and efficient choice  
of cooler system.

The easy to dismantle and install parts of the RR Sanitisation Kit are compatible with all 30+ different OASIS RR models (both Bottle and Mains-Fed).

Rather than returning the cooler to your premises or spending a long time sanitising the cooler on site, with OASIS all you need is two minutes at your customer's location.

With pre-sanitised interchangeable parts, their replacement could not be made simpler. This eco-friendly re-usable kit is dishwasher safe - with temperature and cleaning agent resistant materials.

### FEATURES

- Ease of sanitisation
- Unique patented system
- Inside-Out Chilling System
- Interchangeable parts
- Dishwasher safe.
- Ecooler
- Components :
  - » WaterGuard or FreshGuard
  - » Baffle
  - » Air filter
